In Annex 3 of the ordinance about the requirements for quality and security regarding the removal of tissues and their transplantation according to the German Transplantation Act is determined explicitly, which laboratory tests and methods of examination have to be performed necessarily.

I am aware that costs for these examinations may not be covered by my health insurance.

I do agree that my medical data and the results of my treatment(s) are reported to the German IVF Register (DIR) in an anonymous form for statistical purposes.

I do agree that if my bills will not be paid in time my personal data may be given to a lawyer or a collection agency.
